New Dharma as an organization has gone through a difficult transformation in the last year. We have met many challenges and are now realigned as an organization to support the manifestation of Sat Shree and Satyamayi's mission in a more open, sustainable and capable way.

We are happy to present to you our first public annual report for the year 2022.

The following information will update you on the work that has been done and the income and expenses for the year 2022. Although we report this information to the IRS every year we are now able to post this for your viewing. Please feel free to contact us if you have any questions or concerns.
